TO THE PURCHASER.

The compiler of this Directory for the present year, has used every means a short time would permit, to give, as correct as possible, the names and residences of the Inhabitants of the city of Brooklyn, and, though perhaps not entirely without error, he thinks it will be found so near the truth as to give general satisfaction.

This Directory contains about four hundred names more than any one of a previous year, exhibiting an increase of population nearly proportioned to the growth of our recently incorporated city.

NASSAU COAL YARD.

FOOT of Adams street. The subscriber has the pleasure to inform the citizens of Brooklyn, that he is now daily receiving that superior article of fuel, the *Peach Orchard Coal*, from the North American Coal Company, warranted equal, if not superior, to any Anthracite Coal brought to this market, for domestic or steam uses. The mine being older and deeper than any other in Spohn's Tract, gives it a decided preference. Every care and attention will be paid in sending it to customers perfectly clean and free from all impurities.

Sold only in Brooklyn, by N. BLASDELL.

Orders left at Conover & Barkeloo's, Fulton Street, Blagrove & Powers', corner Fulton & Sands street, G. C. Child's store, corner of Pearl & Nassau streets, Mackay's Exchance Office, Front street, G. Thurston's Steamboat Hotel, corner Water and Fulton streets, will be punctually attended to.

Certificates of Consumers.

We certify that we are now using from a cargo of Coal denominated Peach Orchard, which we purchased of Mr. N. Blasdell, and find it superior to any other Anthracite Coal that we have used for our steam-engine. Its properties are a quick ignition, strong heat and blaze, and less slate and other impurities than we have ever found in the different qualities of Anthracite Coal that we have made use of, and we consider the economy equal to 15 per cent. in its favor, over all others.

Signed. MESSEREAU & BREATH,
Brooklyn Marine Railway.

The Brooklyn White Lead Company are now using at their works, and in their families, Schuylkill Coal, furnished by Mr. N. Blasdell, which proves to be of the first quality; and they cheerfully recommend it, both for manufacturing and domestic purposes.

Signed. G. S. HOWLAND.

This will certify, that the coal bought at the Nassau Coal Yard, from Mr. N. Blasdell, I consider superior for steam purposes to any Schuylkill, Lackawanna, or Lehigh that I have ever used, it being easily ignited, and burns with a free blaze, and has less impurities. Having constantly used it for our own steam mill, I can give it the strongest recommendation.

Signed. WILLIAM HOPKINS,
Engineer of the steam saw mill.

I have tried the Peach Orchard Coal, bought of Mr. N. Blasdell, both under my steam engine, and in my own and other families, connected with my establishment, and have found it more pure and a better article than I have tried, and consider while using it a saving of 15 per cent, besides the pleasure of a handsome fire.

Signed. WM. G. MORTON.

Other certificates, together with these originals, may be seen at the office.

ABSTRACT OF CITY CHARTER.

THE act incorporating the CITY OF BROOKLYN, passed April 8, 1834,

Title.—The Mayor and Common Council of the city of Brooklyn.

Wards.—The city comprises nine wards, of which the former five districts of the village, constitute the first five, and four new wards are erected.

WARD BOUNDARIES.

The First Ward—is between Hicks-street and the East River, and between Fulton-street and the west village line.

The Second Ward—is between Fulton and Bridge-sts. and between Sands-street and the East River.

The Third Ward—is between Fulton and District-sts. and between Hicks-street and Red Hook lane.

The Fourth Ward—is between Fulton and Bridge-sts. and between Sands-street and the south village line.

The Fifth Ward—is between bridge-street, the Navy-Yard, and the Wallabout meadows, the East River, and the south village line.

(The Sixth Ward and other wards, as per charter.)

CITY ELECTION AND OFFICERS.

The annual election for city officers, takes place hereafter on the second Tuesday in April.

The polls are held in each of the wards, at places to be designated by the Common Council.

Officers Elected.—At the annual election, two aldermen and one constable are elected in each of the wards. Besides these, there is a general ticket for the first seven

wards, of five supervisors, four assessors, two collectors, three overseers of the poor, three commissioners of common schools and three inspectors of common schools. One of the candidates for each of the last mentioned offices, *must be taken* from the eighth and ninth wards.

The eighth and ninth wards elect, besides their aldermen and constable, one supervisor, one assessor, one collector, three overseers of highways, and jointly with all the other wards, three overseers of the poor, three commissioners of common schools and three inspectors of common schools.

These officers after 1834, enter upon their duties on the first day of May, and their term of office expires on the last day of April.

The Common Council (after 1834) on the first Monday of May, shall meet to appoint a mayor, and various other officers, such as weighers, measurers, guagers &c.

The Common Council also may appoint a clerk, treasurer, attorney and counsellor, a street commissioner, a clerk for each market, a city collector, and a number of marshals not exceeding seven.

MISCELLANEOUS PROVISIONS.

The Common Council shall publish every year a statement of the financial concerns of the city, at least ten days before the annual election.

The mayor shall possess and may exercise, in the courts of oyer and terminer and general sessions of the peace in the county of Kings, the same powers as are by law exercised by either of the judges of the county courts.

The first seven wards shall constitute a fire and watch district.

The Supervisors of the city and Common Council, shall meet together annually on the first Monday of May. The board thus formed shall then determine what sum in addition to that which may be directed by the general board of supervisors of the county of Kings, to be raised to defray county charges, is necessary to be raised by tax, for the various public purposes of said city—the sum so fixed not to exceed ten thousand dollars, unless the

excess be authorized by a special act of the legislature, except that they may add to the amount they may determine to raise, such further sum as may be necessary for the fire department, engines, engine houses, implements &c.

The expense of the fire and watch districts, shall be borne by the first seven wards.

The Aldermen of the first seven wards, shall be fence viewers for those wards—the commissioners of highways for the residue of the city.

The members of the Common Council shall be fire wardens, and the Common Council may appoint other fire wardens.

The Common Council of the city, or such of their number in conjunction with the mayor, as they may designate for that purpose, shall be commissioners of excise for the city, and as such, may grant licenses to tavern keepers and grocers, to sell liquors or wines in the cases and the manner prescribed in the Revised Statutes of this state.

The Common Council may pass ordinances to regulate ordinaries, victualling and oyster houses, or cellars, and places where porter, ale, or strong beer, currant wine, cider, cherry wine, and metheglin, or any of them may be drank, and to require the same to be licensed.

Any person practising physic in the city, who shall have any patient laboring under a malignant fever, or cholera, or any pestilential or infectious disease, shall forthwith make report of the same, signed by the said physician to some one of the board of health.

All persons sick of any pestilential disease, may be removed to the City Hospital, or any other convenient place.

Vessels lying at or near the wharves of the city, containing a quantity of gun powder, considered dangerous in the opinion of the mayor and any two alderman, may be directed to remove to a distance not exceeding three hundred yards from the wharf or shore ; and in case the master or person having charge of such vessel shall re-

fuse to obey, he shall incur a fine of five hundred dollars.

The Common Council may prescribe and fix certain limits in the city, within which it shall not be lawful to carry on any noxious or offensive trades, manufactories, or establishments.

The justices of the municipal court, shall have all the powers in criminal proceedings of justices elected in the several towns in this state.

The Common Council shall have power to call meetings of the freeholders, by giving eight days previous notice, at which meeting it shall be lawful for the taxable inhabitants to direct a sum of money to be raised, for purchasing a lot or lots of land, and of erecting thereon any public buildings which may be required for the city.
